Dear Dick, Brenk's letter is
not quite as precise as it might
be in saying he "can be of no
service". I'll keep you posted.
How did you make out at the Archives?
I Haven't been there since you were but one of my subagents reports
you were there to see the Wolper film. I hope you also saw the 8mm
version, which I think is more important. Did you note anything I
didn't, or do you disagree with what I think I saw? Nothing else
new here.
